

Please Join Us

for a briefing and demonstration of the

National Emergency Alerting and Response Systems (NEARS) Initiative

during a box-lunch session on

Thursday, June 16th at 12:30 PM
in Dirksen Senate Office Building Room 106

Hosted by Senators Conrad Burns (R-MT) and Hillary Clinton (D-NY)
and co-sponsored by the NEARS partner organizations and the E-9-1-1 Institute.

NEARS is a growing coalition of emergency response organizations that is committed to demonstrating and deploying interoperable emergency data messaging, using national message and data standards, commercial information technologies, and a shared, electronic directory of agencies known as the Emergency Provider Access Directory (EPAD).

At the end of this presentation, you will see how NEARS has the potential to cut costs for emergency response agencies, improve the efficiency of emergency operations, and facilitate information sharing that allows agencies to save time and lives within the communities they serve – a result that we can all appreciate. So that we may plan accordingly, please RSVP to rsvp-nears@comcare.org.
